

D-Fi XLR TX

Discover the amazing transforming transmitter! D-Fi XLR TX transforms conventionally wired DMX set-ups into wireless ones! This battery powered wireless D-Fi transmitter fits in the palm of your hand and provides instant wireless communication between similar fixtures. The unit plugs directly into a light's XLR port to wirelessly transmit DMX and master/slave signals. Convenient LED indicators visually show wireless channel operation. D-Fi XLR TX is FCC/RTTE compliant.
