### Parameters and technical information

Rated Voltage	AC100-240V 50/60Hz	Display	Full color LCD
Power consumption	≤200W	Function mode	DMX, Auto, Sound, M/S
Laser color	RGB full color	DMX channels	15 ch.
Beam diameter	φ15mm	Power connector	PowerCon In & Out
Motor	7pcs 42 high torque stepper motor	Dimensions	931 x 109 x 237 mm
Modulation	Analog	Weight	27kg
Rotation	Y axis 240° rotation, each head 140° rotation	<b>Accessories</b>   C Clamp  Flightcase	
Channel	14/35/42CH		
Control mode	sound/ automatic/DMX512/ master-slave		
Control technology	1. RDM data bidirectional transmission 2. DMX512 upgrade		
Application	Indoor small medium events
