

# LEDZOOM150COB

## 150W RGBW COBLED

LEDZOOM150COB is a resistant and compact 150 W Par Led spotlight. RGBW COB LED, with Zoom (Beam 10-33°, Spot 23-57°). Precise and professional capable of working as a Beam spotlight or as a Wash thanks to its excellent Zoom. Designed to dissipate heat naturally and with ideal optics that, thanks to its COB LED, allows a completely homogeneous color emission. Thanks to its IP65, it is ideal for both indoor and outdoor applications, versatile, LEDZOOM150COB represents a fusion between the past and current technology, perfect to replace the old PARs, without losing a homogeneous emission and with additional features such as zoom and Colour. All respect for tradition but with the advantages of current technology, less consumption, better maintenance.

### Parameters and technical information

|                     |   |
|---------------------|---|
| Source              | 150W 4-in-1 RGBW COB                                      |
| Max Power           | 150W  |
| Input Voltage Range | 100-240V AC, 50-60Hz                                      |
| Device connection   | DMX in/out(5pin), power in/out                            |
| Beam angle          | Beam Angle 10-33°, Spot Angle 23-57°                      |
| Data protocol       | DMX512  |
| DMX Channel         | 5, 6, 7, 11CHs  |
| Display screen      | OLED display  |
| Control mode        | Auto Running, Built-in Program, M/S, DMX512, Static Color |
| Working temp.       | -15°C + 45°C  |
| Cooling method      | With fan  |
| Housing material    | Die casting magnesium                                     |
| Housing Color       | Black   |
| IP Rating           | IP65  |
| Dimension           | 357 x 293 x 412 mm  |
| Weight              | 8kg   |

|                |                    |
|----------------|--------------------|
| Cooling        | Fan Cooling        |
| IP Grade       | 66                 |
| Ambient Temp.  | -10 - +45 °C       |
| Max Humidity   | 75% @ 25 °C        |
| Standard Color | Black              |
| IP Grade       | IP66               |
| Dimensions     | 371 x 303 x 274 mm |
| Weight         | 8Kg                |
