

R2DSPOT150

150W LED MOVING HEAD SPOT

The R2DSPOT150 is a LED moving head that features a 150W white LED as its light source and a 15° beam angle. The moving head can be controlled using DMX, Auto, Sound, or Master/Slave modes, and it offers 16/14/12/10 DMX channels. It comes with 7 colors + white for color options, 8 fixed gobos + open, and 6 rotating gobos + open. It has a 1-8 facet rotating prism and features automatic correction for its pan/tilt, which can rotate up to 540°/270°. Equipped with a high speed 3-phase motor that enables smooth movement, it comes with a 4-button LCD display.
