

BEEZOOM1940

520W RGB COMPACT LED WASH MOVING HEAD

The BEEZOOM1940 is a powerful LED Wash moving head, equipped with 19 high-powered RGBW 4 in 1 LEDs. With a rated power of 760W, this fixture provides a bright and vibrant wash of color for any event. With a zoom range of 7°-50°, you can adjust the beam angle to suit your specific needs. The moving head can be controlled via DMX512, Sound-activated, Master/slave modes, and with a choice of 5 DMX channel modes (22/26/36/43/78), you have complete control over the fixture. The 0-100% linear dimmer allows you to control the brightness, and the 540° pan and 220° tilt with 16 bit fine adjustment allows for precise movement. The LCD colorful display makes it easy to navigate the settings, and with an IP rating of IP20, it is suitable for indoor use.
