

SPLASH760ZOOM

520W RGBW COMPACT LED WASH MOVING HEAD

CE

The SPLASH760ZOOM is a 520W LED WASH moving head, it features 7 high-powered RGBW Osram Ostart LEDs and 28 additional RGB LEDs as background lighting, providing a luminous output of 28,000 lumens at 3 degrees and 5 meters. The zoom range is from 3 to 45 degrees, with a motorized linear zoom for high-optical efficiency. It also offers CTO color temperature adjustment from 2500K to 8000K, and lens rotation for added versatility. The light also has pixel control and is compatible with DMX/RDM and ArtNet protocols. It has a mains power supply of 100-240V and 50/60Hz. Ideal for illuminating large spaces such as stages, concert venues, and TV studios

Parameters and technical information

Light Source	7x60W RGBW Osram Ostart LEDs +28x0,5W RGB Leds
Luminous	28000lm@3°@5M
Zoom Range	3° to 45° with a high-optical efficiency,motorised linear zoom
CTO	2500K to 8000K
Lens Rotation	Yes
Pixel Control	Yes
Protocols	DMX/RDM and ArtNet (optional)
Mains power supply	100-240V - 50/60Hz
Max power consumption	520W

Dimensions (WxHxD)	456 x 310 x 263 mm
IP Range	IP65
Wight	10.5 kg
